(previously) International Program Manager – (now) Retailer

## Skills

### IT Management

- **IT budget reduction** with quality level maintained (2008 -15%, 2009 -5%)
- **Outsourced IT**: switch of partner in 2012 with the aim of increasing quality of service (user satisfaction level reached: 92%)
- **Infrastructure Virtualization** in 2013, in full transparency for the user

### Program Management

- Setup and maintenance of a **reporting process including KPIs** (2008)
- Continuous **profitability increase** of project management process in place (from 2008 to 2013: +300%)
- **Automation of project management processes** through the introduction of appropriate IT tools and application (2011, improved in 2013)

### International IT Project Management

- In charge of every IT project setup in common between 7 Insurance companies in Europe (**17 different countries**). Project areas were various like, for instance: implementation of new architectural models, ICT Security, or Agile / SCRUM best practices. Most recent projects focused on **digital transformation** (customer journey, mobile devices, operational efficiency...) For example :
  - Research laboratory on **Big Data** Mobilier / ETH Zürich : setup of resource selection and management process (resources involved in this lab are coming from the 7 partners, expatriated in Zürich for a few months. (2014)
  - Project to implement a « **Private Cloud** » shared by the 7 partners (66'000 employees) and migration to Microsoft Office 365 of these companies (2012),
  - Setup of **common IT KPIs** gathered in a dashboard to these companies CIOs & CEOs (2010),
  - Launch of a common IT Security alert system against new IT threats (2008),
- **Increase of benefits** obtained thanks to collaboration between the different IT departments of these 7 Insurance companies (Eurapco award of the best working group received in 2011, 2012 et 2013)
- Introduction of an **online collaboration platform** to support exchanges among the 66'000 employees of these 7 companies, spread over 17 different countries. (2014 – success story used in different main IBM events in 2015)

### Finance / Insurance

- 7 years in a European wide insurance partnership, 3 years in Bank projects
- Working group facilitator for Non-Life Actuaries during 3 years
- Fraud fighting European network manager during 6 years
- Marine co-insurance platform supporter for 10+ years

### Pharmaceutical

- Involved in GxP IT projects for Pharmaceutical sector during 8 years
- Example 1: IT Project manager for Novartis Chardas (change requests mgt)
- Example 2: Business Analyst for Novartis MyOSS (self-service user web portal)
